9.05 Planning Commission Consideration of Proposed Amendments

9.05.01 A proposed amendment shall be deemed submitted to the Planning Commission for review and comment upon the holding of the public hearing on the proposed amendment as

- A. In that same meeting,
- B. At its next regularly-scheduled meeting and/or

9.05.02 The Planning Commission may not reopen a public hearing or hold a second public hearing except as approved by Town Council.

- C. In its report to the Council, the Commission may comment, as it deems appropriate, on any matter related to the proposed amendment. By way of example and without limiting the foregoing, in the case of a proposed text amendment, the Commission may propose changes to the proposed text; and in the case of a Conditional District rezoning application, the Commission may propose that one or more conditions be requested by Council.

9.05.05 Rather than or in addition to making its written report, the Commission may recommend to Council that a second public hearing be held on the amendment in order to gather additional public comment or other information. Such a request shall not, however, preclude the Council from acting on the amendment once 30 days have elapsed from the initial public hearing. If Town Council approves a second public hearing, the Planning Commission shall have 30 days from the date of that second public hearing to make a written report to Town Council, and the Town Council shall not act on the application until that 30 days has elapsed.

- D.** A comment by the Commission that a proposed amendment is inconsistent with the comprehensive plan shall not preclude consideration or approval of the proposed amendment by the Council.
- E.** The Council is not bound by any other recommendation of the Planning Commission, including a recommendation that the proposed amendment be rejected.
- F.** In the event Council fails to act on a proposed amendment within ninety (90) days of submission of the Commission's recommendation, such action shall be deemed a denial of the proposed amendment.

- A.** Shall explicitly consider and address in its deliberations the Planning Commission's recommendations and relevant portions of the comprehensive plan and any other applicable adopted plan.

- B.** Shall approve a statement analyzing the reasonableness of the proposed rezoning, which may consider among other factors; provided, that if the rezoning involves over 50 properties with more than 50 owners, the statement on reasonableness may address the overall rezoning:
 - 1. the size, physical conditions, and other attributes of the area proposed to be rezoned,
 - 2. the benefits and detriments to the landowners, the neighbors, and the surrounding community,
 - 3. the relationship between the current actual and permissible development on the tract and adjoining areas and the development that would be permissible under the proposed amendment;
 - 4. why the action taken is in the public interest; and
 - 5. any changed conditions warranting the amendment.
- C.** May adopt a brief statement describing whether its action is consistent with the Comprehensive Plan and any other officially adopted plan that is applicable and explaining why the Council considers the action taken to be reasonable and in the public interest; provided, that if the rezoning involves over 50 properties with more than 50 owners, the statement on reasonableness may address the overall rezoning. A plan consistency statement is not subject to judicial review.
- D.** May approve a statement of reasonableness and a plan consistency statement as a single statement.

9.06.03 If a zoning map amendment is adopted and the action was deemed inconsistent with the adopted plan, the zoning amendment shall have the effect of also amending any future land-use map in the approved plan, and no additional request or application for a plan amendment shall be required.

9.06.04 A proposed amendment submitted by an applicant may be withdrawn by the applicant at any time prior to final Town Council action on the application.

9.07 Ultimate Issue Before Council on Amendments

9.07.01 In deciding whether to adopt a proposed amendment to this Ordinance, the central issue before the Council is whether the proposed amendment advances the public health, safety, or welfare. All other issues are irrelevant, and all information related to other issues at the public hearing may be declared irrelevant by the Mayor and be excluded. In particular, when considering proposed general use map amendments:

- A. The Council shall not consider any representations made by the petitioner that if the change is granted the rezoned property will be used for only one of the possible range of uses permitted in the requested classification. Rather, the Council shall consider whether the entire range of permitted uses in the requested classification is more appropriate than the range of uses in the existing classification.
- B. The Council shall only consider the impact of the proposed change on the public at large.

9.08 Action Subsequent to Council Decision

- 9.08.01** The Administrator shall notify the petitioner of the disposition of the amendment petition and file a copy of the decision in the office of the Planning and Inspections Department.

- 9.08.03** In the case of approval of an amendment, all necessary changes to the Ordinance or zoning map shall be entered within fifteen (15) working days of the effective date of the amendment. The Administrator shall authenticate the entry of each amendment and shall maintain a record of the nature and date of the amendment.

9.09 Conditional Districts (CD)

- 9.09.01** Property may be placed in a conditional district only in response to a petition by all owners of the property to be included.
- 9.09.02 Neighborhood Meeting**
 - A. The applicant shall conduct a neighborhood meeting prior to the submission of the application for a Conditional District Zoning Map Amendment. This meeting will allow the applicant to explain the proposed development and to be informed of the concerns of the neighborhood and surrounding property owners.
 - B. A meeting notice must be mailed to property owners within 300' of the development at least 25 days prior to the meeting in accordance with Subsection 1.13.02 herein. A copy of the notice shall also be provided to the Planning Department. The notice shall contain a summary of the proposed development, the applicants contact information, the date, time, and location of the meeting.
 - C. The meeting must be held at an accessible and convenient location and time in light of available options. Upon coordination through the Planning Department, the meeting may be held at Town Council Chambers if that location is available.
 - D. At the meeting, the petitioner, at a minimum, shall present all the following information:
 - 1. Contact information of the parties involved in the ownership, design, and development of the property;

2. The location of the property and general information on the current conditions of the site;
 3. Proposed use(s) and site development;
 4. Any preliminary plans or renderings, if available; and
- E. The applicant shall provide the Administrator with a summary report of the meeting which includes a list of all attendees and details the meeting including all concerns expressed by attendees and commitments made by the petitioner. This report shall be included in the staff report.

9.09.03 The authorization of a CD for any major subdivision preliminary plat approval or any use which is permitted only as a special use in the zoning district which corresponds to the conditional district shall preclude any requirement for obtaining a special use permit for such use.

9.09.04 All variances proposed by the petitioner must be obtained from the Board prior to the scheduling of the public hearing for the CD.

9.09.05 **Transitional Zones.** Any proposed CD development within a transitional zone is subject to the standards and requirements of 6.02.02 herein.

9.09.06 Specific conditions applicable to a CD may be proposed by the applicant or the Town or its agencies, but only those conditions approved by the Town and consented to by the petitioner in writing may be incorporated into the development approval requirements.

A. Conditions and site-specific standards imposed in a CD shall be limited to those that (i) address the conformance of the development and use of the site to Town Ordinances and the comprehensive plan and other applicable plans and (ii) the impacts reasonably expected to be generated by the development or use of the site.

1. Unless consented to by the applicant in writing, in the exercise of the authority granted by this section, a local government may not require, enforce, or incorporate into the zoning regulations any condition or requirement not authorized by otherwise applicable law, including, without limitation, taxes, impact fees, building design elements within the scope of G.S. 160D-702(b), driveway-related improvements in excess of those allowed in G.S. 136-18(29) and G.S. 160A-307, or other unauthorized limitations on the development or use of land.

B. Town Council members and the applicant shall endeavor to discuss and agree to conditions as part of the public hearing process provided at section 9.03; notwithstanding the foregoing, proposed conditions may be discussed or negotiated at any time that Town Council is considering the proposed application.

- C. The applicant shall forthrightly answer any request by a Town Council member to agree to a proposed condition. Before doing so, however, the applicant may request continuance of the meeting or postponement of the applicant's response until a subsequent meeting so that the applicant may further consider the requested condition before making a response. Such request for delay in responding may be granted by a consensus of the Town Council or, there being none, majority vote. Town Council shall continue or postpone the meeting to the next available public hearing or such earlier meeting as it shall deem appropriate.
 - 1. An applicant's refusal to answer a request to agree to a proposed condition shall be deemed a withdrawal of the application.
- D. After the Town has published the notice of public hearing for the application, the applicant shall make no changes to the conditions or site-specific standards that are less restrictive than those stated in the application, including but not limited to smaller setbacks, more dwelling units; greater height; more access ways; new uses; and fewer improvements. More restrictive conditions or additional conditions may be added to the application if such conditions are received by the Planning Department in writing and signed by all owners of the property at least ten (10) business days before the date scheduled for final Town Council action on the application.

9.09.07 Changes to an approved petition or to conditions attached to the approved petition shall be treated the same as amendments to these regulations or to the zoning map and shall be processed as a new application.

- A. Except for a proposed minor modification to a previously approved CD, no proposal to amend or change any CD may be accepted nor considered within twelve (12) months of the date of the original approval of the CD or within twelve (12) months of a hearing upon any previous proposal to amend or change the CD.
- B. A minor modification is one which does not significantly change the essential character of the use or activity that has been previously authorized through the CD zoning approval.
- C. The Administrator shall determine whether a proposed modification to a previously approved CD is a minor modification.

9.09.08 If a petition for a CD is approved, a copy of the approval and all conditions relative to the approval, including site-specific development plan(s), shall be kept on file in the Planning and Inspections Department office. A copy of the approval will also be recorded with the Watauga County Register of Deeds.

9.09.09 Should, by the end of the applicable vesting period, the property fail to develop in accordance with the terms and conditions of the CD approval, no subsequent use of the property shall be permitted without a new petition for zoning map amendment being filed.

9.09.10 Should a petition for a CD be denied, then no new petition for making similar use the same property shall be considered within twelve (12) months of the date of the original denial.

9.09.11 If for any reason any condition imposed pursuant to these regulations is found to be illegal or invalid, or if the applicant should fail to construct an approved site-specific development plan in accordance with any condition agreed upon in the rezoning process, the authorization of the CD shall be null and void and of no effect and proceedings shall be instituted to rezone the property.
